Dear ,

I'm just forwarding you this email as you might have missed it over the Holiday season. Today, we commemorate the 46 years of abortion through Roe v. Wade which brought abortion on demand into our nation. Over 61 million babies have lost their lives since Roe became the norm to our once great nation. Because of this, I was driven to move from a Pregnancy Resource Center handing out diapers and formula to a comprehensive life-affirming

national brand of women's healthcare clinics.

Did you see us in the news? That's right, The Obria Group, Inc. has caught the eye of the left-leaning media and more people are learning about the national impact of Obria! Take a look at the [article written by Politico](#). **I want you to know -- Politico gets some of the facts wrong.**

**I am reaching out to you today because I want to make sure you know the TRUTH about The Obria Group, Inc.**

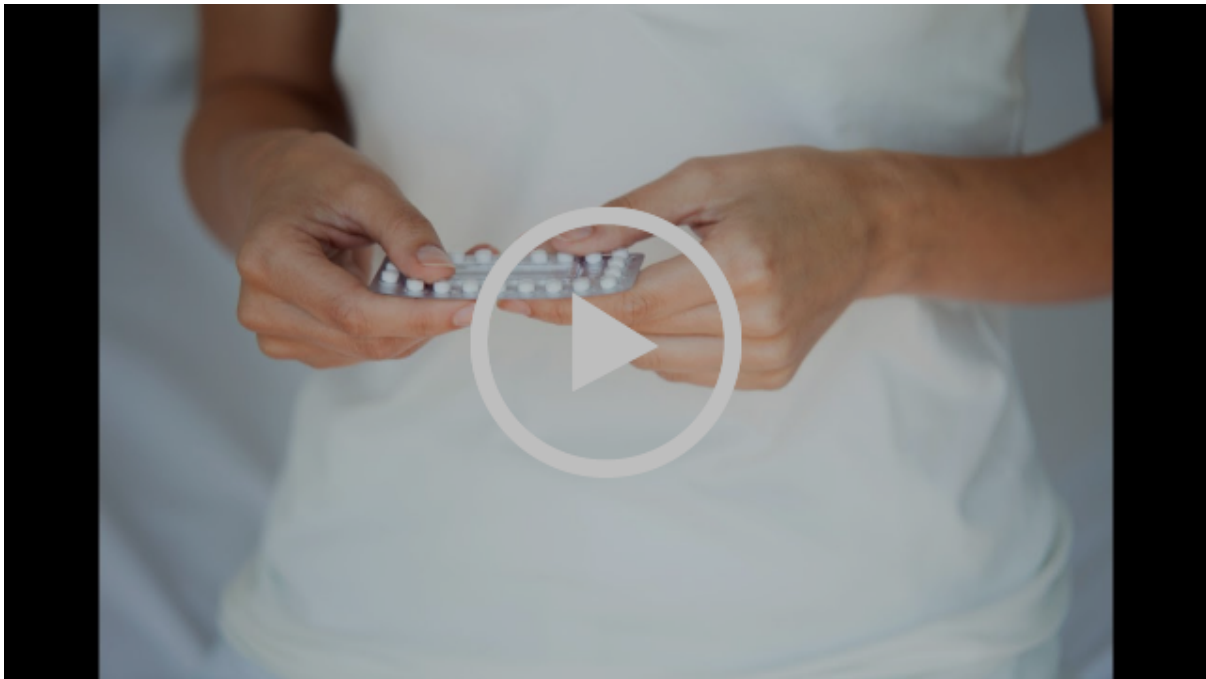

As you know, The Obria Group is committed to providing holistic **life-affirming** healthcare. The author writes Obria will be "partnering with a health center that provides contraception." Don't misunderstand - **Obria's clinic model is committed to never provide hormonal contraception nor abortions! Obria promotes abstinence-based sexual risk avoidance education -- the most effective public health model for promoting healthy behaviors.**

Additionally, the article mentions Obria "fired a nurse at one of [the] clinics for proselytizing." This is simply untrue! Our faith is highly woven throughout our clinics. Our nurses are highly qualified to provide holistic care for our patients -- **caring for her physical, emotional, and spiritual needs.**

Your support for The Obria Group is so important - it is because of our supporters that our impact has attracted national attention. THANK YOU for supporting The Obria Group! While Politico did get some of the facts wrong, we still see this article as a victory! Not everyone is going to agree with us, but I know the work we are doing is right.

Every day, the lives of babies are saved and the lives of women are changed because of you and your support for the mission of **The Obria Group**.

We are proud to see the impact The Obria Group is making toward shaping a culture of LIFE!

Did you catch Obria on PBS NewsHour? This is our moment to use this platform to talk to your friends about Obria and get the facts right. Share with them what you know to be true.
